

'World of Happiness' Is Homecoming Theme

"A New World of Happiness" will theme El Camino College's Homecoming festival.

Plans for New Drain Approved

Supervisor Burton W. Chace today announced approval of plans and specifications for two key storm drain projects to be built in Palos Verdes Estates.

The facilities, to be constructed under a single contract, are expected to cost about \$360,000, Chace said.

Bids will be opened Nov. 18. Award of contract by the Board of Supervisors is due about 10 days later.

The work involves putting nearly a mile of underground reinforced concrete drainage conduit, Chace said.

Marineland Adds Two Rare Fish

Two extremely rare panther fish from the island of Ceylon have been placed on display at Marineland of the Pacific. The fish are featured in the second-level Australian reef tank.

Valued at more than \$250 each, the panther fish are considered one of the rarest of aquarium fish. They are spotted white on a black body and feed on live food. They are expected to grow more than two feet in length.

Marineland is open daily from 10 a.m. until sunset. The first series of whale, dolphin, and sea lion shows begin daily at 11 a.m.

ties Saturday, Oct. 29. Included in the annual celebration will be the selection of the queen and her court, the football game in Murdock Stadium against East Los Angeles Junior College, a parade before the game, and the traditional Homecoming dance. Game time is 8 p.m.

Floats sponsored by on-campus clubs and individual costume entries will make up the parade. Judging of the entries will be done Saturday between 7 and 7:20 p.m. The procession will then return to the field at half-time for a final appearance. Awards will be made for both floats and individuals in competition at that time.

The mayor of the parade

and the queen will lead the parade. Following them will be the entire parade of floats and individuals, decorated and dressed in accordance with the secondary theme, "Mardi Gras."

THIS IS THE first year that persons alone have been allowed to enter the parade.

"It is hoped that by letting both clubs and students enter the competition, it will promote a much greater spirit among our student body," Bob McGlone, student vice president, explained.

"The individual entries may dress in any manner they wish as long as it has something to do with a "Mardi Gras," McGlone added.

FLOAT BUILDING by the clubs will take place in the El Camino maintenance yard Oct. 28 from 4 p.m. until midnight and from 8 a.m. until 6 p.m. Oct. 29.

The Homecoming game will be held in Murdock Stadium Oct. 29. Tickets for the game may be purchased at the gate. Applicants for Homecoming queen are currently being filed by hopeful coeds. Any girl with a "C" average who has completed 24 units and is presently enrolled in 12 units is eligible.

A panel of judges will interview each applicant, taking into consideration the general requirements as well as how active each girl has been in school and community affairs.

Wipe Out Weed Sale '1 OFF
